Professional Summary

Full-stack developer and Software Engineering undergraduate at the University of Kelaniya, skilled in Spring Boot, React.js, Node.js, Docker, and AWS, with additional experience building LLM-powered features using LangChain and RAG pipelines. Experienced in deploying scalable, production-ready web applications with CI/CD pipelines. Seeking a Software Engineering internship to contribute and grow in a fast-paced environment.

Education

- **University of Kelaniya** *April 2024 – Present*
  BSc (Hons) in Software Engineering
  GPA: 3.45 / 4.00
- **Jaffna Hindu College** *Dec 2020 – Feb 2023*
  G.C.E. Advanced Level Examination (2022)
  Combined Mathematics – A | **Physics – B** | **Chemistry – B**

Projects

- **Electronics Ordering System** *Individual Project, Feb 2026 – May 2026* GitHub | Demo
  Tech Stack: React.js, Spring Boot, MySQL, Spring Security, Groq AI
  - Implemented secure RBAC with Spring Security and JWT authentication for role-based user/admin workflows
  - Integrated Groq AI API for real-time asynchronous product comparison, reducing response latency
- **Medical Appointment Booking System** *Individual Project, Mar 2026 – May 2026* GitHub | Demo
  Tech Stack: React.js, Express.js, Node.js, MongoDB, Docker, AWS, Jenkins CI/CD
  - Built full-stack hospital management system with real-time appointment scheduling and Socket.io live chat
  - Deployed containerised CI/CD pipeline with Docker, Jenkins, and AWS ECR using Load Balancer & Auto Scaling for zero-downtime releases
  - Developed AI-driven symptom checker using the Groq API
- **Book Fair Management System** *Group Project, Oct 2025 – Jan 2026* GitHub
  Tech Stack: React.js, Spring Boot, MySQL, JWT
  - Developed secure JWT-based stall reservation platform with vendor and admin role segregation
  - Built real-time admin dashboard for stall tracking, automated payments, and QR-based booking verification

Technical Skills

- **Programming Languages:** Java, JavaScript, HTML, CSS, Python, C
- **Frameworks & Libraries:** Spring Boot, React.js, Node.js, Express.js, Next.js
- **Databases:** MySQL, MongoDB
- **Security & Auth:** JWT, RBAC, Spring Security
- **Tools & Platforms:** Git & GitHub, Docker, Jenkins, AWS, Postman, GitHub Actions
- **AI Integration:** Groq API, LangChain, Prompt Engineering, RAG

Certifications & Achievements

- AWS Cloud Practitioner Essentials – AWS Training & Certification *April 2026*
- LeetCode 75 – Completed the curated 75-problem DSA study plan *Achievement Badge*

Soft Skills

- Problem-Solving & Critical Thinking
- Agile/Scrum Methodology
- OOP & SOLID Principles
- Data Structures & Algorithms
- Adaptability & Quick Learner
- Team Collaboration

Languages

- **Tamil** — Native | **English** — Professional Proficiency
